

PERSONALITY CHANGES AND UPHEAVALS ARISING OUT OF THE SENSE OF PERSONAL FAILURE.

Primary Difficulty	Controlling Desires	Degree of Awareness	Reaction Pattern	TYPE OF DEVELOPMENT		SOLUTION		
				Gradual	Eruptive	Attitude	Means	End Result
Sense of Personal Failure	Integrative: desire for response & recognition	Clear	Frankness	Normal Growth	Awareness of danger or of incompleteness; stirring of profounder levels of mental life with experiences interpreted as manifestations of superhuman (religious conversions); disruption of mental structure & norms of judgment accompanied by a) despair and undervaluation of self (depressions & stupors) or by b) overvaluation of self & unsystematized distortion of belief & conduct (catatonic excitements) - such experiences representing attempts to break up sets and attitudes which impede growth, attempts which tend to make or break.	Aspiration Reverence Faith	Acceptance of ultimate loyalties & associated standards. Confession & forgiveness Social support & re-inforcement.	<u>Socialization</u> 1. Progressive unification on basis conceived as abiding and universal.
	Conflicting	Confused	Concealment	Arrested: stabilized on unsatisfactory basis		Confidence Self-reliance	Satisfactory self-expression in social, vocational & sexual life.	2. Contemporary & local adjustment.
			1. Compromise			Flippancy Carelessness Gregariousness	Making light of accepted standards Rejection of primary loyalties & seeking social validation in anti-social groups	3. Rebellion & development of cancer-like social formations.
			2. Diversion			Dependence Idolatry	Reflected glory thru identification with finite leader or love-object	4. Submergence
Segmental	Oblivion	3. Blurfing	Withdrawal	Cynicism Fault-finding Punctiliousness Intolerance	Maintenance of self-respect thru depreciation of others Substitution of minor for major loyalties & virtues.	<u>Isolation</u> The misanthrope  The legalist, the prude the compulsive neurotic.		
		4. Shifting responsibility a) upon other persons or objects; b) upon an organic scape-goat		Restlessness Self-importance	Escape into self-assertive activity  Escape into delusional defence-building	Manic types  Paranoic types		
Segmental	Surrender	Oblivion	Withdrawal	Bitterness Suspicion Jealousy	Escape from self-blame Bidding for sympathy & attention	hypochondriacal types		
				3. Blurfing	Seclusiveness Dreaminess Apathy	Loss of hope Seeking satisfaction in fantasy	<u>Disintegration</u> Schizophrenic types a) simple	
Segmental	Surrender	Oblivion	Withdrawal	Silliness Open eroticism	Loss of self-respect Dominance of the unacceptable	b) hebeparenic
